CASA

2022-2023

2022-2023

Trussardi Casa has collaborated with several talented designers to give life to a collection of modern furniture inspired by the warm and welcoming feeling in one's home.

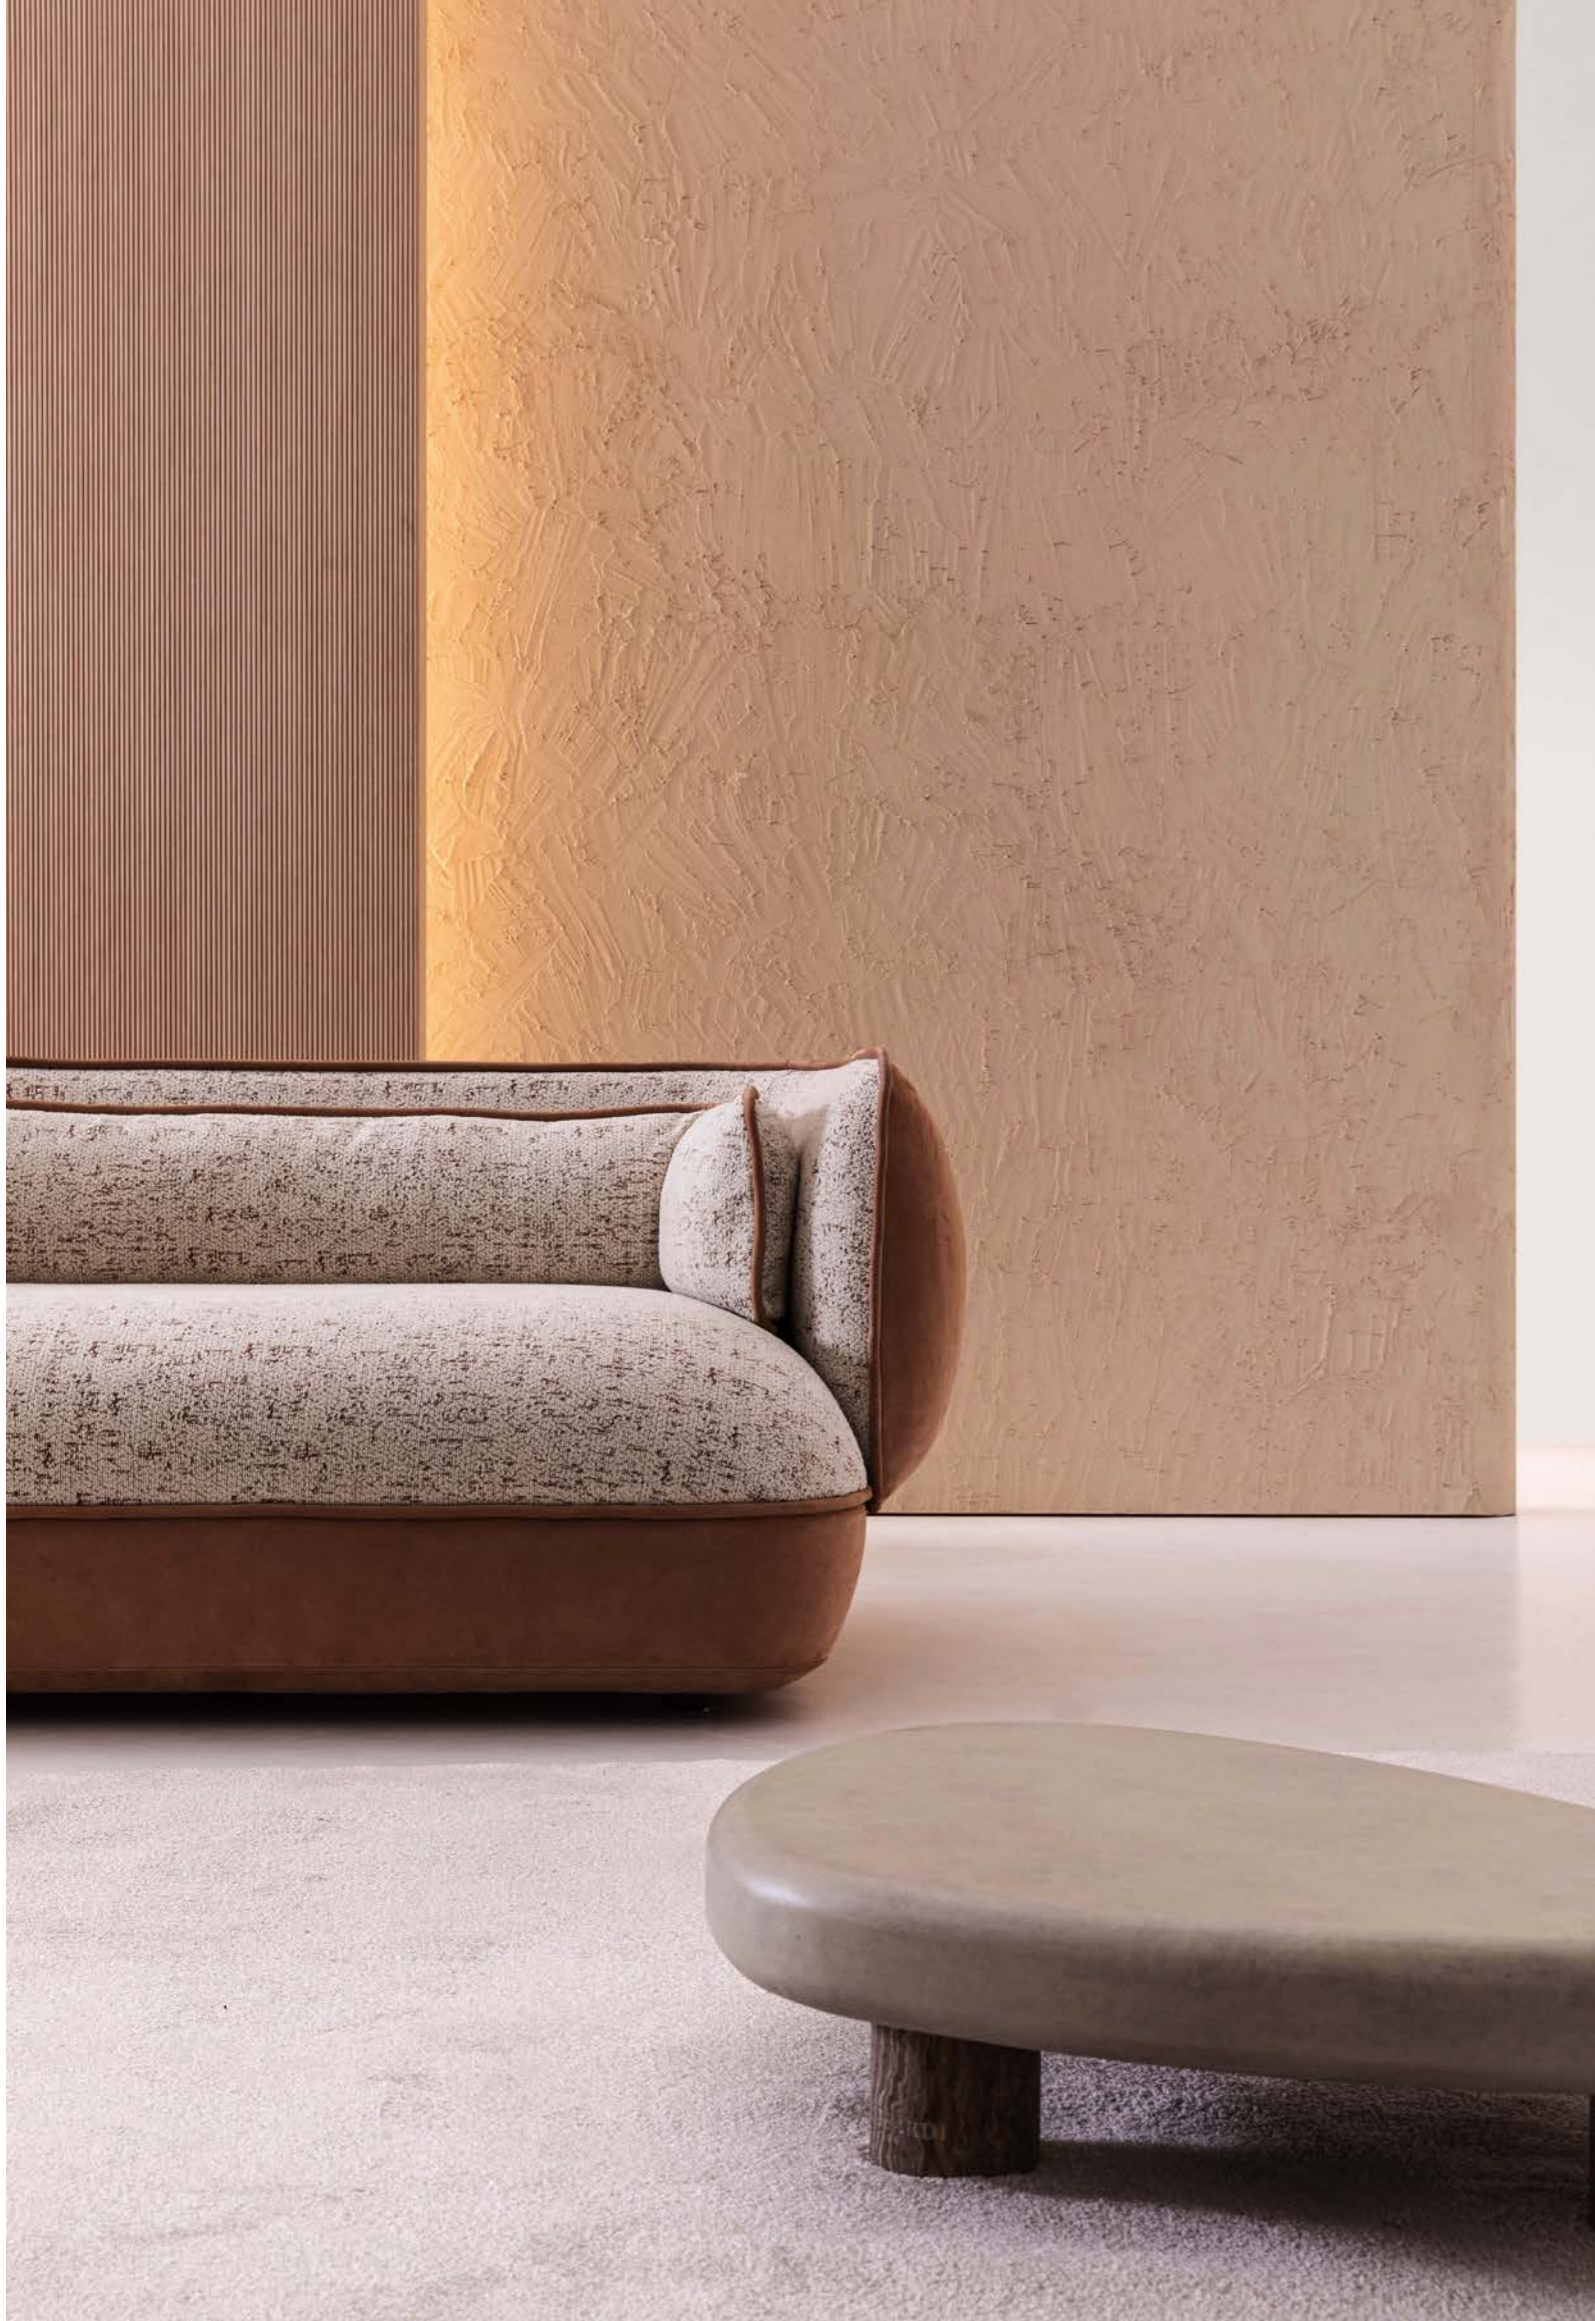

Colours, textures, and silhouettes convey the timeless elegance of private homes of Milan, a city tied closely to the Maison.

Each piece has its own personality and expresses the distinctive design language of its creator, forming together a sensual and sophisticated collection.

The images and the colours of the products are purely for information. The products shown in the pictures do not have only one standard cover. Depending on the model, products can be covered both in fabric and/or leather as from the official TRUSSARDI CASA Collection, set of samples and price-list in force. Drawings show the standard version of the product.

All the dimensions included in technical descriptions are in cm (inch.), approximate and subject to possible changes (tolerance of +/- 2%). Due to natural variations of the colorant dyes during the bathing and drying process of the leathers, some slight differences in shade may occur on the final product. Any eventual difference in colour that can be noticed between different panels that are joined together to create the same product, must be considered acceptable. As a result of technical/production updates, the company reserves the right to change the product information anytime and without advance notice.
